

Comprehensive Environmental Services

Our Philosophy

Our commitment is to offer the resources and professionalism of a national engineering firm while providing the knowledge of state and local regulatory programs that only a local firm can supply.

While our service is very technical, we understand that we are still a service company and that responding to our clients' needs is the key to our success.

With every project, we strive to develop common-sense solutions that are cost-effective and timely. Our focus at **Access** is to provide reliable, efficient service to all of our clients. We look forward to the opportunity to work with you.

Environmental & Safety Services

Access Environmental Solutions

Access is a Mississippi-based environmental and safety consulting firm. Founded in 1998, Access serves clients in 17 states and Canada from its headquarters in Tupelo.

Access is a member of the Mississippi Manufacturers Association, the Northeast Mississippi Community Development Foundation, the Air and Waste Management Association, and the Water Environment Federation.

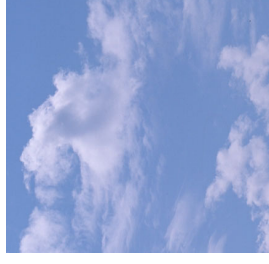

Project Experience

Access currently serves clients in 14 states and Canada. Among the industries that we have assisted:

- ◆ Chemical Manufacturers
- ◆ Concrete & Asphalt Plants
- ◆ Furniture Manufacturers
- ◆ Grain Mills & Feed Mills
- ◆ Heavy Machine Manufacturers
- ◆ Iron & Steel Foundries
- ◆ Lumber and Plywood Mills
- ◆ Petroleum Refineries
- ◆ Poultry Processors

Air Quality Management

Access can provide solutions to your Clean Air Act compliance issues that meet state and Federal regulatory requirements while allowing your facility to maintain the operational flexibility required to compete in today's marketplace. Among the services we provide:

- ◆ Air Pollutant Emissions Inventories
- ◆ Construction Permit Applications
- ◆ Prevention of Significant Deterioration (PSD) Reviews
- ◆ Title V Operating Permit Applications
- ◆ Control Technology Analyses
- ◆ Air Quality Modeling
- ◆ Air Emissions Source Testing and Ambient Monitoring
- ◆ Noise and Odor Assessment

Compliance Management

Maintaining compliance past the initial permitting stage is an ongoing task. Access stands ready to help by providing:

- ◆ Environmental Compliance Audits
- ◆ Data Management
- ◆ Emissions Reporting

Wastewater Permitting

Implementation of a watershed approach to managing water quality could mean more stringent discharge limitations for industrial point sources and nonpoint sources. A proactive approach is necessary to prepare for possible tighter limits in the future. Access offers the following wastewater permitting services:

- ◆ NPDES Permitting
- ◆ Wastewater Treatment Design
- ◆ Stormwater Pollution Prevention Plans (SWPPP)
- ◆ Oil Pollution Act of 1990 (OPA 90) Plans
- ◆ Spill Prevention, Control, and Countermeasures (SPCC) Plans

Safety & Industrial Hygiene

A single accident is one too many when a coworker is hurt or killed. Effective safety programs are critical in developing a workplace that is accident-free. Among our safety services:

- ◆ Health & Safety Training
- ◆ Confined Space Entry & Lockout-Tagout Programs
- ◆ Emergency Response Planning
